

PROJECT MANAGEMENT EXECUTION

OVERVIEW

Projects and their implementation are indispensable for growth and continuing improvement of any organization. Projects can be various shapes and sizes, from small to extremely large and highly complex.

Successful project management for projects large or small tends to follow the process outlined in this seminar. While project management skills are obviously important for project managers, the method and tools that project managers used can be helpful to everyone.

OBJECTIVES

At the end of the seminar-workshop, the participants would be able to:

- apply the project management process
- learn the principles of the commonly used project management tools.
- actively participate in project implementation in respective organization.
